## EXPERIMENTS IN MASS APPEAL

### Experiments In Mass Appeal

I don't care if you don't mind
Modern life's the mocking kind
But tell me how I came to be
Married to my enemy?

Of all the things you claim to be
The earth beneath the industry
Ideal and the innocence
The moral and the consequence

Core desire
Oh, it's a real live wire
Setting my life on fire
Oh, it's unreal...

Forever
Imortally
Endeavour
A god I'll be
Remember reality
I'm not the one who owns me

Victims of demography
Just product in a category
Testing what you think and feel
Experiments in mass appeal

Core desire
Oh, it's a real live wire
Setting my life on fire
Selling my soul for the liar
Oh, it's unreal...

Forever
Imortally
Endeavour
A god I'll be
Remember reality
Forever
Imorally
Endeavour
A god I'll be

Remember reality

### Welcome To Nowhere

Life unreal
The feeding of the fear
An error of creation
No love left in here

And I see
You falling out for fun
United in division
Defy everyone

It's all a game
The hurting and the healing
But all the same
You'll leave us nothing
Nothing at all

Caught in the process
Of mass separation
Victims of progress
And mute isolation

Closing time for life...

Welcome To Nowhere with me
It's in your head
Dead man, firehand
I'm burning through your Wonderland

God of small empire
This numb masturbator
Pissing his life into
Plastic and paper

Chatroom objector
You bile carbonator
Second Life saviour
Still feeling a failure

Closing time for life...

Welcome To Nowhere with me
It's in your head
Dead man, cold hand
I'm burning through your Wonderland

Fan the flame
The hurting and the healing
But all the same
You'll leave us nothing
Nothing at all

Welcome To Nowhere with me
It's in your head
Dead man, firehand
I'm burning through your Wonderland
